

10.23.18

Hello Parents and Guardians of Herndon Magnet School Students, this is Tom Thomas, Principal of Herndon Magnet School.

Due to not having enough water pressure, the school is closing at 12:30 pm today. The buses will be delivering students to their afternoon stops. Please be waiting there; otherwise, they will be brought back to Herndon where you will have to pick them up. If you need to check out your student, you may do so. We are planning to have school tomorrow. Please watch the news in case this changes.

A transcript of this call can be found at www.herndonmagnetschool.com. Thank you and have a wonderful evening! ID #: 228716
